Subject: Thank you

To Chris & Carindale staff,

I would personally like to say a huge Thank you to those who helped with the ordering and designing of our wedding invitations. They were picked up today and look perfect. Your assistance with the little things and the no worries attitude is such a nice change from the service that is usually provided these days.

Thankyou for helping us make the perfect first impression to our wedding guests.

With true gratitude

Thank you
Bo & Hayley

PS I am more than happy for you to use this as reference. Cheers H
